

# DECISION LENS STRATEGIC GOVERNMENT

## Strategic Government Solution for Homeland Security

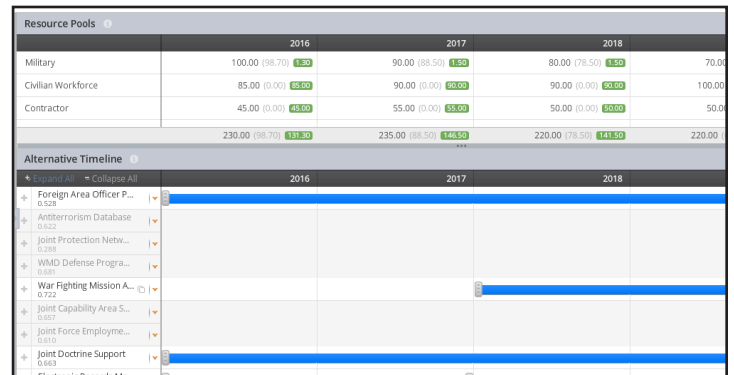

*At the end of the day, we got a credible result that was more analytically sound in less than half the time”*

*Joint Chiefs of Staff*

### The Intelligent Portfolio

Decision Lens is a cloud-based software solution delivering the complete process for identifying, prioritizing, analyzing, and measuring which investments, projects, and resources will deliver the highest returns. Decision Lens combines valuable organizational data with experts’ judgements to establish priorities in an efficient, intelligent framework. Decision Lens’ streamlined and automated solution saves organizations countless hours and dollars while simultaneously providing the optimal value for your investments. Competency areas include: IT Modernization, Workforce Planning/Allocation, Budget Allocation/POM decisions, Risk/Trade off Analysis, and Investment Prioritization.

- Save time through an efficient and repeatable process to quickly collaborate with key stakeholders.
- Align resources to the highest value projects.
- Instantly re-allocate resources as priorities and funding change.

Visualize performance on key decision drivers and define the trade space

Optimize financial and human resources with multi-year planning capabilities

# DECISION LENS STRATEGIC GOVERNMENT

## Strategic Government Solution for Homeland Security

### Federal Customer Profiles

#### United States Coast Guard (USCG)

##### Strategic Planning and Resource Optimization

The USCG uses Decision Lens across its entire headquarters for POM budgeting, IT portfolio prioritization, vendor selection, continuing education, and safety decisions. Specifically, Decision Lens is used extensively in two out of the seven resource councils.

#### Transportation Security Administration (TSA)

##### IT, Finance, Strategy, and Security Operations Planning

TSA uses Decision Lens to support budget and resource allocation - PPBE/RAP, IT prioritization, and general strategy planning across the enterprise working closely with OCFO and OCIO.

#### U.S. Department of Homeland Security HQ S&T

##### Facility Planning and Budget Optimization

DHS headquarters S&T (Science and Technology) uses Decision Lens to prioritize projects related to S&T across DHS with component level Integrated Product Teams (IPT's) and Sub-IPT levels. This process provides transparency of gaps across DHS in support of the Secretary.

#### Customs and Border Patrol (CBP)

##### Resource Allocation, Workforce Management, Facilities Management

CBP uses Decision Lens to assist with their budget and resource allocation - PPBE/RAP Process, as well as Human Resources, Workforce Management decisions, and management of CBP Facilities and Assets.
