

STRATEGIC PRIORITIZATION SOLUTION FOR PLANNING, PROGRAMMING, BUDGETING, AND EXECUTION

Align Budget to Requirements

- Priority score across all program needs
- Program dollars are best matched to available dollars
- Ensure key decisions align with strategy
- Traceability for decisions at all levels

Insights Driven by Sophisticated Analysis

- Consider strategic and functional portfolio decisions
- Explore funding scenarios to invest at the right levels and at the right time
- Provide critical insights across a large number of programs and offices to make the best trade-off decisions
- Optimize funding across Future Years Defense Program (FYDP)

Engage all stakeholders in a transparent and more efficient planning process

- Reduce risk and improve mission outcomes through collaboration and transparency
- Make clear, data-driven decisions faster and with more confidence
- Easily communicate key trade-offs and allocation decisions through scenario-based planning

Drive continuous improvement and efficiency through better portfolio planning and budgeting

- Clearly select and visualize which investments best drive success and why
- Defend and rate Unfunded Requirements (UFR) for agency success
- Make the most out of current and future year budgets

“DECISION LENS ENSURES PROJECTS OF THE HIGHEST RELATIVE MERIT ARE CONSISTENTLY PROGRAMMED, BUDGETED, AND EXECUTED FIRST.”

- Vice Admiral Adam M. Robinson, USN, MC Surgeon General of the Navy

Defense Health Agency

- Funding on facility programs across DoD medical facilities
- Trade-off decisions for short, mid, and long term impacts

DHS Customs and Border Protection

- LOB 4 Resource Allocation Process (RAP) for all administrative functions of CBP - CFO, CIO, Facilities, HR, etc.
- Strategic alignment of programs and mission decisions

Federal Aviation Administration

- Manage the decision-making efforts for the prioritization and allocation of resources across the agency
- Prioritize \$2B in funding across the Air Traffic Organization

Joint Chiefs of Staff

- Standardized approval process in Joint Capabilities Division
- Streamlined method to share critical details about projects

U.S. AIR FORCE

U.S. Air Force HQ

- Prioritization of programs and allocation of funding 30 year horizon
- Mission and trade off decisions against long range Air Force strategies

U.S. Army TRADOC

- Increase transparency across critical mission areas
- Perform real-time strategic analysis of mission critical and long-term strategic interests

Decision Lens is a  **FedRAMP** Compliant Organization
