

## Disclaimers

### General

Green Energy Consumers Alliance is a non-profit based in Massachusetts and Rhode Island that enables people to make green energy choices in the most cost-effective, practical, and seamless ways possible, and to advocate for energy policies that benefit the greater good.

Generation180 is a non-profit committed to inspiring, empowering, and equipping individuals to take action on clean energy. Through communications, resource development, and coalition-building we're working to reframe the narrative around energy and equip people to take effective, meaningful action in their homes and communities.

Virginia Clean Cities is a statewide non-profit coalition working with state, federal, corporate, and individual stakeholders to advance air quality improvement, economic opportunity, and energy security through deployment of alternative fuel vehicles and infrastructure, education programs, and other petroleum reduction activities.

Together, these three parties ("the Organizations") have established Electrify Your Ride VA in order to educate the public about green power technologies, promote the development of green energy technologies, and market green power technologies.

Customer understands that this website is intended to educate customers about opportunities to purchase or lease electric vehicles, and to provide customers with a platform to facilitate transactions with electric vehicle sellers.

Customer understands that the information regarding these opportunities has been provided by the sellers, and that the Organizations cannot and do not warrant the accuracy or completeness of information provided to the parties by the sellers.

### Electric Vehicle Purchase/Lease

The Organizations are not party to the vehicle sales or lease transaction between the customer and the seller of the electric vehicle.

The Organizations are not liable or in any way responsible for any acts or omissions on the part of the seller or the manufacturer of the electric vehicle.

The Organizations disclaim any and all representations, warranties, covenants or guarantees whatsoever, express or implied, in connection with the electric vehicle or the

program itself, including, without limitation, the implied warranties of merchantability and fitness for a particular purpose.

The Organizations have no responsibility for the availability of or customer eligibility for rebates, tax credits, or other incentives. Application and processing of such rebates, tax credits, or other incentives is solely the responsibility of the customer.

Federal tax credit: Whether the customer can take the full amount shown is dependent upon their tax liability. Individual tax conditions may vary, so consult a financial planner or tax professional for further clarification for your own eligibility. For more information and to apply for the tax credit, visit <https://www.fueleconomy.gov/feg/taxevb.shtml>.
