

Plug In & Count Your Profits

With the AutoFry, fully automatic deep fryer, and MultiChef high speed oven, you truly can plug in your machine to start cooking and counting your profits. From fries to chicken wings, you can make a nice profit from some low cost food items coupled with the ventless equipment that MTI offers. Because our machines require zero venting, you don't need to spend any additional money on hood installation, which means once you've paid for your machine you really are ready to make a nice profit!
