

MultiChef® 6500PC Data Sheet

The little FAST BAKE OVEN that delivers big profits

No Hoods. No Vents. No Problem!

Why MultiChef 6500PC Delivers

Versatile — MultiChef lets you prepare a variety of food items simultaneously with a multi-start feature, 4 separate timers and 4 large cooking racks. It also serves as a traditional oven for baked goods. With MultiChef you can bake, toast, melt, roast and reheat.

Economical — MultiChef is easy to install because it requires no ventilation and no exhaust hoods. Its sealed cooking chamber also makes it extremely economical to operate.

Sophisticated — A unique combination of convection, direct infrared and our proprietary Rotary Impingement™ technology allows high-speed cooking without sacrificing food quality.

Super Compact — MultiChef offers a small, compact footprint so it can be easily installed in practically all food-related businesses, such as convenience stores and concession stands.

More than 20 Years of Industry Leadership — MultiChef is manufactured by MTI, inventors of the popular industry-leading ventless AutoFry®.

CAPACITY
