Budget

To: lwright@EXProductions.com

Dear Film Staff of EXProductions,

Your budget has gone alarmingly low. The grant given to film this movie was set at \$1,000,000, and the budget has dropped to \$57,362. Majority of the staff working on this project including actors and off-screenworkers have left the movie making process. The remaining staff must work excruciatingly hard to ensure that this film has potential to be great, and will make viewers excited and happy to watch this movie. I am extremely sorry for the inconvenience, and appreciate the time that you have taken to make this film have potential. Again, I apologize for the arduous work the this film has made this staff put in.

Cordially,  
Lilly Zane
