2020

www.JewishInteractive.org

For Day School/Supplementary School Leaders, Judaic and Hebrew Teachers, Informal Educators, Camp Leaders

Kids home this summer?

TIME TO LEARN HEBREW

6 WEEKS' WORTH OF FUN DIGITAL LEARNING

jewishinteractive.org/ji-summer-boost

Give your children a boost this summer with Jewish Interactive's Summer Boost program

For kids just beginning to read Hebrew or just needing a refresher

Ji Summer Boost delivers daily educational games

For children ages 4-7 years

Ji Summer Boost Registration:

Ji Summer Boost costs \$75/child (\$25 discount for existing Pro subscribers)

School offer: If you are signing 10 children or more, pay a reduced cost of \$50/child

A single subscription provides a six week program of daily fun digital learning activities carefully created and selected by our expert educators for your child (get full Ji Tap access for a full year with a Ji Pro Subscription included)

DATE	WEEKLY TOPICS	
June 22nd-July 3rd 2020	<p>Hebrew Letters Play and Learn In this session, your children will learn letter recognition and sounds. Children will be exposed to words that begin with each letter in a clever way that uses Hebrew words that are similar to English words (cognates).</p>	
July 6th-17th 2020	<p>Hebrew Reading Beginnings In this session, your children will be taken on a journey to get to know Hebrew letters and vowels and will build up a core vocabulary of 170 words. With this knowledge, they will start the process of learning to read in Hebrew.</p>	
July 20th-31st 2020	<p>Hebrew Reading: Let's Get Started In this session, your children will be guided on a Hebrew reading journey. Now that they are familiar with letters, vowels, and the building blocks of decoding, this session will help them become more independent readers in a fun and playful way.</p>

PLANNING FOR YOUR SCHOOL YEAR 2020-2021?

Check out our resources and professional development (PD) opportunities

TRAINING WORKSHOPS

<https://www.jewishinteractive.org/pd-ji/>

Ji provides a host of training opportunities for teachers to learn the skills they need to teach this fall, led by highly sought after professional experts in their fields.

Finding and Sharing Digital Content

This training introduces teachers to the Ji Tap platform, including interactive digital games that explore Hebrew letters, reading, holidays, and more. Teachers learn to feel comfortable finding and assigning Ji Tap activities to individual students and classes and integrating different activities for personalized student learning for in-person social-distancing learning and for synchronous and asynchronous online learning.

[BOOK HERE](#)

Designing Digital Learning Activities

A series of escalating workshops that develop the skills teachers need to master the Ji Tap Creator tool generating online learning activities for Judaic/ Hebrew curriculum to share and assign to students. Teachers learn design theory to create games that meet their learning objectives to fit into preexisting lessons or different types of games to gamify and flip instruction for a more student-centered experience.

[BOOK HERE](#)

Teaching & Learning Online

This workshop enables teachers to adapt their teaching to support online learning. Teachers will explore a variety of instructional approaches and online learning tools. They will understand how to engage their learners online, create a supportive learning environment, utilize a mix of learning tools for better engagement, and provide ongoing feedback. Teachers will practice crafting lesson plans and instructional methods designed to optimize online learning.
