HCV PROGRAM NEWS

HUD Announces New HCV Data Dashboard

In an email to Executive Directors yesterday, the Department of Housing and Urban Development ([HUD](#)) announced that it has launched a new resource for the Housing Choice Voucher ([HCV](#)) program, the [HCV Data Dashboard](#). According to the announcement, the dashboard provides an overview of the HCV program at the national and state levels, including aggregate data from the following:

- Budget and leasing utilization
- Reserve balances
- Attrition
- Per unit cost trends
- Leasing potential

The tool also includes a snapshot of utilization for HUD's special purpose voucher programs such as [Mainstream](#), the Family Unification Program ([FUP](#)), and HUD-Veterans Affairs Supportive Housing ([HUD-VASH](#)), allowing agencies to compare their own programs against state and nationwide trends. You'll find the new dashboard on [this page](#) at HUD's website.

PIH Updates Two-Year Projection Tool and Tool of Tools

On the [Tools](#) page on the Housing Choice Vouchers ([HCV](#)) website, HUD's Office of Public and Indian Housing ([PIH](#)) posted updated versions of the two-year projection tool ([TYT](#)) and the Tool of Tools ([ToT](#)) for the HCV program. The tools are current as of February 19, 2020. You can access the tools through HUD's Secure Systems.
