

RESPIRATORY HYGIENE STATION I

LIFE SAFETY SERVICES
YOU'RE SAFE WITH US®

Easy-Access To Your Infection Prevention Items

Our super durable and break resistant Respiratory Hygiene Station I displays all of your infection prevention items prominently for hospital and clinic visitors and helps to reinforce CDC guidelines for virus prevention. Constructed from super durable 1/4" thick PETG (stand and countertop base are 1/2" thick acrylic).

For Any Space

The Respiratory Hygiene Station I is perfect for any facility or space. Set it up to organize and distribute personal protective equipment (PPE). Ideal for your high-trafficked areas. Easy set-up for the office, desk, front door, restroom, or waiting area.

System Holds:

- Two boxes of masks
- One large box of tissues (or two half sizes) per side, or a tissue/mask combo
- Pump bottle of hand sanitizer
- 8.5x11" sign (print your own sign)
- Removable drip tray

We offer hand sanitizer bottles made to fit this Respiratory Hygiene Station. The bottle holds 16 oz or 473 ml of sanitizing gel using a convenient pump dispenser. The citrus-scented gel hand sanitizer contains 62% alcohol, exceeding FDA requirements. (Hand Sanitizer: \$12.95/each)
