Hydra Execution Control

Unlocking your productivity potential
Hydra Execution Control
Unlocking your productivity potential
Hydra puts knowledge and experience at the core of every project

“If only we knew, what we know.”

90% of organisational knowledge is in people’s heads – PMI 2015
“If only we knew, what we know.”

90% of organisational knowledge is in people’s heads - PMI 2015
Common Challenges when delivering projects
People

• Poor knowledge transfer - valuable experience and knowledge lost

• Resource are not allocated where they can contribute the most
Service Quality

- Service delivery varies greatly in time, quality and cost
- Management time wasted putting out fires rather than leading the way
Customer Experience

- Lack of consistency
- Projects out of sync with customers' expectations
Everybody has a "Superman"

Most organisations have "Superman" resources who have the expertise to work on, or deliver a project better and faster than anybody else.

If only there was a way of replicating excellence...

\[ \text{Superman} + \text{Hydra} = \text{Three Supermen} \]

We call it **Blueprinting**
BLUEPRINTING.... NOT A TEMPLATE
BLUEPRINTING.... NOT A TEMPLATE

Templates vs Blueprints

**Templates**
- Gantt
- Tasks
- Document Templates
- Checklists

**Blueprints**
- Activities
- Processes
- Skills & Roles
- Checkpoints & Milestones
- Dashboards & Reports
- Template documentation
- Deliverables
- Risks & Issues
- Guidance & Knowledge
- Costs, Rates & Finances
- Best Practices
Blueprints not only tell you what should be done,

They tell you how,

and who the best person is for the job

Blueprints help you adopt a standard approach, at a granular level
Blueprints help you adopt a standard approach, at a granular level
Why Standardise?

Key benefits of adopting a standardised approach to project delivery

- Increased Visibility
- Orchestrated Delivery
- Increased Productivity
Increased Visibility... such as

- Resources
- Actual progress
- Compare projects like for like against the same benchmarks
Orchestrate Delivery

Everybody is delivering in the same way reducing inconsistencies in cost, quality and customer experience
Increased Productivity

Reproduce the excellence of your best people in every project
Worldwide Success
What our customers say about us
Epicor increased their service margin by 9% points and improved the quality in the first 12 months.

“The relationship with Hydra is not limited to a seller-buyer relationship, it is really a partnership, they are now an integral part of the PMO team, they help us to focus on the value activities, they help us with the tasks of reporting and monitoring the projects”

Mario Villarejo, Director PMO International
Polycom accelerated onboarding of new PM's by 8 times, enabling them to reach efficiency and become top performers fast.

"We can now understand where we need to change, where we need to make efficiencies, Hydra has given us that visibility."

Steve Boxall, General Manager EMEA Services
The Open University

Hydra was selected to help optimise the creation and development of online courses and materials ensuring the highest quality of service to all students and Open University users around the world.

"Hydra was selected because we needed to put the project at the heart of everything we do; by optimising processes for students and working collaboratively internally and externally on a 'single source of the truth' the Open University is reducing costs at the same time as increasing the quality of our courses."

Richard Howes, Programme Manager, ProductionHub
