

## GeoTeric Software Announcement

As of GeoTeric 2016, Red Hat Enterprise Linux (RHEL) version 5 will no longer be a supported platform for GeoTeric.

From the first GeoTeric 2016 release support will be provided for the following 64bit platforms:

- Windows 7
- Windows 8
- Windows 10 (coming soon!)
- RHEL6

In view of this:

- GeoTeric 2016 will not be available on RHEL 5.
- We will continue to offer full software support including patches and bug updates for GeoTeric 2015 on Red Hat Enterprise Linux (RHEL) 5 until GeoTeric 2016 is released in H1 2016.
- Telephone and email support for GeoTeric 2015 on RHEL5 will continue throughout 2016.

If you have any questions, please feel free to get in touch with our Support Team:
