

GET A LINE OF CREDIT WITH Munder Difflin

Buying online just got easier

Munder Difflin has partnered with Apruve to extend open lines of credit to all our business customers. Now, you can get what you need from our online store, but pay for it later - no credit card needed.

				
Instant credit limit given through our online form	Set up your purchasing team: add as many authorized buyers as needed	Look for Apruve at checkout	Apruve's network will manage all invoicing and statements	Pay online with ACH debit from your bank account

Using a purchase order or paying on terms has always been a manual process and didn't work well within our online store. With Apruve's B2B Credit Network, we're happy to make this process easier for our customers in order to improve your purchasing experience at Munder Difflin.
