COVID-19

Customer Care

Catalogue

Products to help you get your
retail space ready for level 3

Alert Level 3 states that “some non-essential
businesses should close”

We believe that having measures in place to
reduce the spread of Covid-19 will put your
business in a better position to satisfy any
requirements that must be met to re- open, and
give your staff confidence everything possible
has been done to keep them safe.

Requires simple assembly if sent via courier - assembly instructions included.
Can be freighted assembled.

Adheres to your service counter using double sided tape to provide a physical barrier.

Sides adhered to Front using double sided tape
Vinyl Strip to Cover Tape

Flat Sneeze Guard - 800

Flat Sneeze Guard - 600

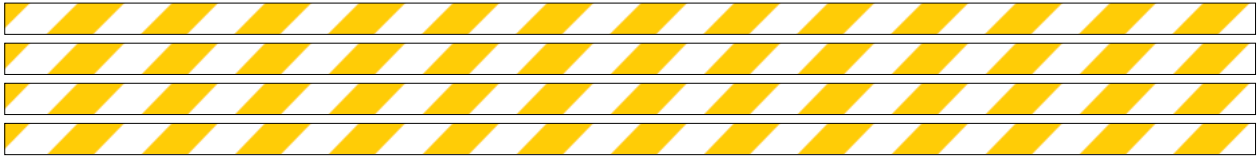

Floor Striping

Floor Striping tape to denote separation. Especially useful around service and entry areas where queues may form to remind people to maintain social distancing.

Supplied in a set of 4 pieces each 2m x 50mm to be able to mark out a 2m x 2m space.

Laminated with anti-slip floor laminate.

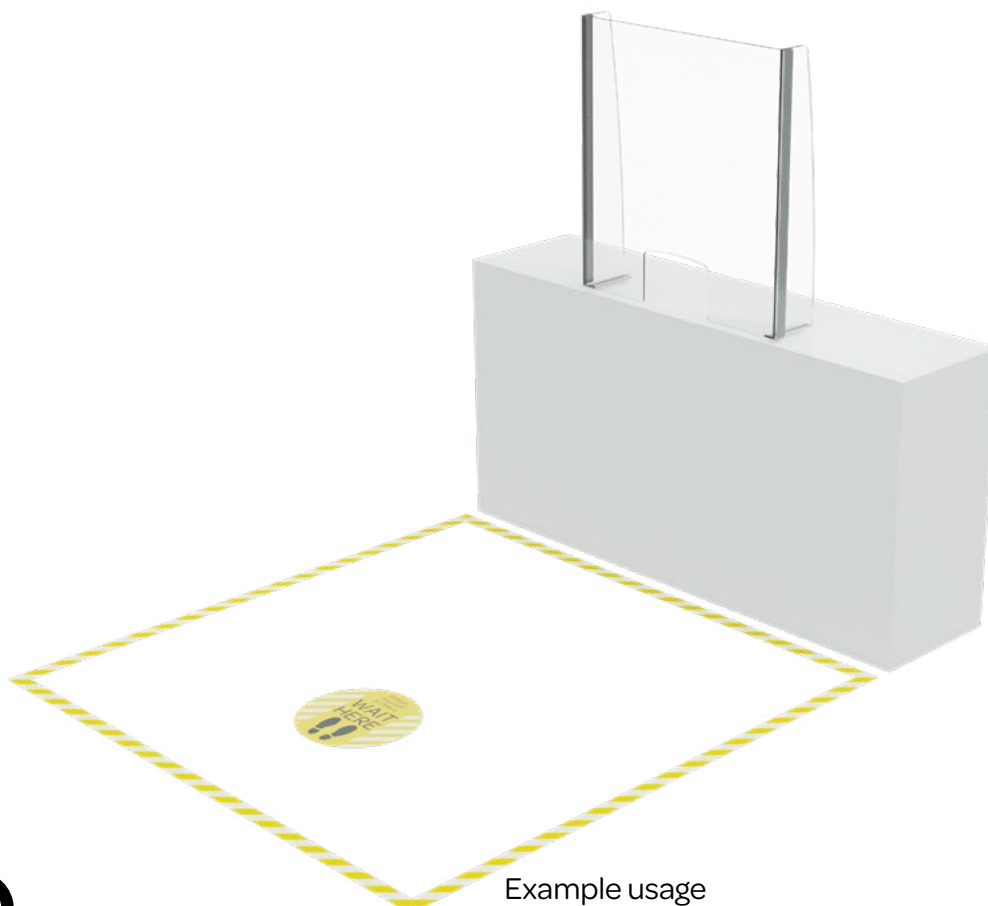

Floor Marker

Wait Here floor marker to instruct people where to stand and maintain social distancing.

400mm Diameter

Laminated with anti-slip floor laminate.

Example usage

Page 7

Social Distancing Graphic

A graphic that can be applied in areas where queues may form to remind customers to maintain a healthy distance.

400mm x 400mm Self Adhesive Low Tack Vinyl for easy removal.

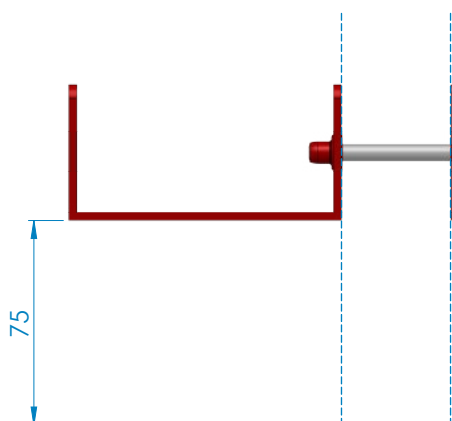

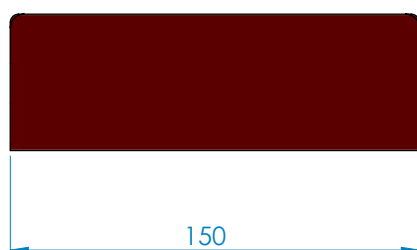

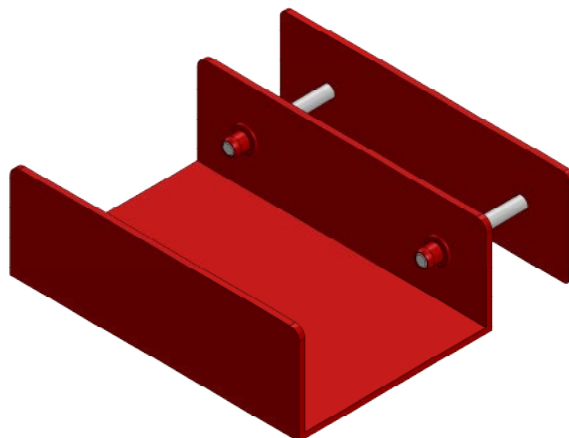

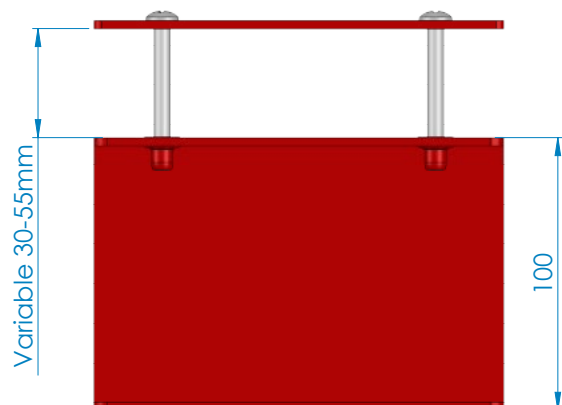

Door Opener - Foot Operated

This is a door opener that can be screwed to any wooden door that allows it to be opened without touching the handle.

We had these in place in our factory before lock down and worked well.

Note that this will not work on a door with tongue that cannot be kept disengaged.

Material: Aluminium.
