- Introduce Yourself

Round Table Approach

The following slides outline a series of topics to support our discussion. We are not limited by these topics, as their purpose is to 'spark' the conversation.

Please:

- Participate and share your insight
- If there are questions very specific to your organization, we can discuss directly within the labs
- Take this as an opportunity to meet your peers

Possible Topics

- Do you have a change approval process?
- How do you capture tasks that are Agile based vs. waterfall?
 - Alignment to time tracking.
- How detailed are you managing project tasks? Milestone level tracking, detailed task management?
- Do you use a detailed scheduler such as MSP and does it need to sync with CA PPM? If yes, what are the benefits to the organization for doing so?
- How do you control baselining rights?
- Are you using CA PPM to manage Risks, Issues, Change?
- How do you handle status reports from multiple workstreams within a single project?
- Do you track go-live different from end date? How?
- How do you prioritize project tasks – if the same person is working on two projects?
