Resource Management | Roundtable

Introductions

- Take 5 Minutes
- Turn to a Person Near You
- Introduce Yourself

Round Table Approach

The following slides outline a series of topics to support our discussion. We are not limited by these topics, as their purpose is to 'spark' the conversation.

Please:

- Participate and share your insight
- If there are questions very specific to your organization, we can discuss directly within the labs
- Take this as an opportunity to meet your peers

Possible Topics

- What do you dislike about Resource Management – If you could change one thing, what would it be?
- How do you feel overall management uses Resource Management data? - Is the time and effort worth it for the company
- How has resource management helped or hindered project delivery? – Examples from your experience of positive and negative impacts
- How have you improved communications between PMs and RMs? – Bribes, blackmail, etc.
- Team based scheduling?
- How is capacity and allocation data used within your organization, outside of the direct project booking?
- Have you seen projects are delivered on time/on budget when the RM processes are followed?
- When a Resource Manager is responsible for the staffing as well as the performance of the resource, have you seen improved quality?
- Do you have set meetings between Project and Resource Managers?
- How often do you see staffed resources switched off of projects? What are some of the reasons?

Thank You For Attending regoUniversity

Instructions for PMI credits
