CA PPM 15.5
Modern UX Innovations from Rego

Optimize your CA PPM experience with the Rego Channel Pack and Rego Roadmap Printer.

Two new Rego-developed tools make the Modern UX even more accessible and user-friendly.

Rego Channel Pack
Harness the Power of the Classic UI

The Rego Channel Pack allows you to harness the power and functionality of the Classic UI directly from the Modern UX, providing easy access to your content.

Now in the Modern UX, You Can:
- access project-specific tabs from Classic UI
- do full administration work
- stop toggling back and forth
