Round Table Approach

The following slides outline a series of topics to support our discussion. We are not limited by these topics, as their purpose is to 'spark' the conversation.

Please:

- Participate and share your insight
- If there are questions very specific to your organization, we can discuss directly within the labs
- Take this as an opportunity to meet your peers

Possible Topics

- Within Ideas, how do you staff resources / create a financial plan?

- When an idea is converted to a project, what do you do with the old idea?

- What is moved over to Projects in CA PPM?

- Can we use ideas as a way to represent unknown demand?

- Does anyone source demand from other systems and if so, how do you pull in that demand? Or do you just manage Ideas in another system.

- Do you keep true "ideas" in CA PPM or only qualified or approved ideas?

- How should you rank ideas?
