AERIXTM

ADVANCED LIGHTING

Introducing the next generation LED grow light from AEssenseGrows. Built in a thin, low profile form, the AERIX still outputs an incredible amount of photons for your hungry plants.

- PPFD: 1,000 $\mu\text{mol/s/m}^2$ - Excellent uniformity
- 2.5" Thick, splash resistant
- Passively cooled, fan-less design
- Full integration with Guardian Grow ManagerTM
