EXPERTS IN THE DESIGN, PRODUCTION, AND MANAGEMENT OF BRANDED ENVIRONMENTS

What if you showed up for work and found the doors chained closed and the company out of business?

For Ned Brown, it was in that moment, standing outside and realizing his client's exhibits were locked inside, that he founded Exhibit Concepts. Born of a strong personal investment in his client's success, Ned built the company on the foundation of excellent customer service.

ECI has grown since those early days. Now owned by his daughter, Kelli Glasser, ECI is an award-winning event marketing agency which designs and produces an array of branded environments with nearly 250K sq. ft. of business and fabrication space to handle all of our clients' needs.

With Kelli leading and ECI's continued growth, we are even more proud of our certification from the Women's Business Enterprise National Council. We are one of the largest nationally-certified companies in our industry, and we are privileged to support several clients in the supplier diversity space.

Our vision for the future is to continue to grow and evolve. But one thing will never change and is at the root of every decision – our commitment to customer service.
