ADM Mobility Training

To-Increase Product:	Mobility
Part of To-Increase Solution:	Advanced Discrete Manufacturing
Technology:	Microsoft Dynamics AX 2012 CU7
Length:	1*2 hours excluding hands-on lab + 1 hour Q&A session 2 weeks after the training
Language:	English
Type:	Course
Price per trainee: (excluding travel and expenses)	EUR 100, USD 125

Purpose of this training:
During the Mobility Training course, the student will learn all Mobility. This training comprises a theoretical part and a hands-on lab. The theoretical part will be explained during the online sessions, the hands-on lab must be done outside of the online course. Approximately two weeks after the online training, a Q&A session will be planned to cover the questions of the hands-on lab.

The product training is primarily for Application and Presales consultants. The goal of the training is to understand the setup and processes within the Mobility solution.

Agenda
For your convenience, the course agenda for this Mobility product training is presented below.

Topics
- User setup
