

Advanced Project Management I

To-Increase Product:	Advanced Project Management I
Part of To-Increase Solution:	Advanced Discrete Manufacturing
Technology:	Microsoft Dynamics 365 for Operations
Length:	0.5 day excluding hands-on lab + 1 hour Q&A session 2 weeks after last online session
Language:	English
Type:	Course
Price per trainee: <i>(excluding travel and expenses)</i>	EUR 199.50, USD 249.50, VCH 0.5

Purpose of this training:

During the Advanced Project Management I Training course, the student will learn all about Advanced Project Management I. This training comprises a theoretical part and a hands-on lab. The theoretical part will be explained during the online sessions, the hands-on lab must be done outside of the online course. Approximately two weeks after the last online training, a Q&A session will be planned to cover the questions of the hands-on lab.

The product training is primarily for Application and Presales consultants. The goal of the training is to understand the setup and processes within the Advanced Project Management I solution.

Agenda

For your convenience, the course agenda for this Advanced Project Management I product training is presented below.
