Purpose of this training:

The trainer will address the basic fundamentals of AX Anywhere.

After the training the student will be able to setup the AX Anywhere components, use the AX Anywhere modules and customize the AX Anywhere menus to support the required business processes.

Agenda:

- General Introduction
- AX Anywhere Logistics
- AX Anywhere Production Control
- AX Anywhere Sales
- AX Anywhere Retail
- Hands-on Labs

Prerequisites of knowledge:

- MS Dynamics AX2009/AX2012 knowledge of:
 - Supply Chain Management
 - Warehouse Management System (R2)
 - Manufacturing

Requirements of this training:

- Each trainee will require a laptop/PC, with the following minimum requirements: 60GB free disk space available on an internal disc drive, 4GB RAM available memory, Oracle VM VirtualBox installed.
- Each trainee will require access to the Partner Portal; if you do not have access, you can request it with your account manager.
- The AX Anywhere Demo VPC **must be downloaded and installed in advance** for each trainee. Tip: After starting the VPC image, you may need to adapt your keyboard configuration for non-US keyboard layouts. Please note that this VPC is about 60 gigabytes in size and downloading and unzipping it will take considerable time.
