

National High School Dropout Rate

Nationally, **6.5%** of high school students dropped out or failed to graduate

THE CHALLENGE

That's **OVER 18,000** students dropping out every school day... and nearly **3.3 MILLION** each year

THE COST

Adding to the nearly **71 MILLION** Americans 18+ without a high school diploma

Impact of Dropouts in the United States

Lifetime earnings for high school dropouts are **\$260,000 LESS** than those with a high school diploma

80% + of those incarcerated are dropouts, costing taxpayers an estimated **\$38.7 BILLION** per year

HALF of Americans on public assistance are dropouts, costing taxpayers **\$292,000** through the course of their lives

THE SOLUTION

Dropout Recovery Programs

Help students re-engage with their education and provide:

accountability

ensure students stay on track to graduation

support

from a network of trained and caring teachers, tutors, advocates and counselors

flexibility

work when and where makes the most sense for the student

THE RESULTS

More Graduates

More Americans with a high school diploma prepared to move into college or a career
