

ASX Release

Quarterly Cash Flow Report and Trading Update

Quarter ended 31 December 2018

Melbourne, Australia; 31 January 2019: Jayex Healthcare Limited (ASX: JHL) (**Jayex** or **Company**), a leading UK and Australian e-health provider of integrated healthcare services delivery platforms, today released its Appendix 4C – Quarterly cash flow report for the quarter ended 31 December 2018 (the **Quarter**).

The Company continues to demonstrate the positive improvements from the extensive restructuring program initiated in 2017. These include:

- Completion of the Jayex Connect platform in Q4 – being a critical cloud-based development in the presentation to customers of the Company's 'end-to-end' integrated healthcare technologies
- Completion of procedures for the roll-out of the Jayex Connect platform in January 2019
- No further loan advances during 2018 under the loan agreement – reflecting continued financial improvement and closer alignment of the business operating costs with revenues
- Significant improvement in the margins and profitability of the Company compared to prior periods

The Company is now well-positioned to realise on the benefits of the reconstruction program, including the rationalisation of the Company's technologies through the innovative Jayex Connect platform.

The Jayex Connect platform is a new cloud-based Patient Engagement platform which provides all the tools for our customers in a single, integrated easy-to-use dashboard environment. The platform provides the Company's customers with all the online tools needed to improve the patient experience and boost patient engagement within the continuum of healthcare.

The Q4 saw continued improvements in the Company's financial performance which reflect the ongoing internal and other improvements.

During the Quarter JHL's consolidated cash receipts amounted to approximately AUD\$1.350m and cash at bank over the quarter moved from \$898k to \$392k.

In line with the announcement made on the 25th January 2018 regarding the loan agreement, the Company did not require any further loans in 2018. The restructuring of the Company that took place in Australia in 2017, ensured that in 2018, the costs of running the business were more aligned with the revenues generated by the business.

Receipts from customers for the quarter amounted to \$1.350m and \$7.919m for the year, although this was down 10% from the previous year, the benefit of the reconstruction program is reflected in the significant improvement in the margins and profitability of the Company. Net cash used in operating activities for Q4, 2018 was -\$505k, down from -\$998k for the same period in 2017. Net cash used in operating activities for the 12-months in 2018 was -\$726k down from -\$2.563m for the same period in 2017.

Notes

1. The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity that wishes to disclose additional information is encouraged to do so, in a note or notes included in or attached to this report.
2. If this quarterly report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
