## SELECT, QUOTE, ORDER AND TRACK - A TOOL FOR EVERY TASK

### Effortlessly create customized drive solutions

- Integrated product logic helps ensure only valid combinations are shown
- Configure product by model number or via performance data search filters
- Tip texts and images help guide you through the configuration
- Immediate visibility to price and model number changes with each click

### Download CAD files directly from the product configuration interface

- 3D preview image and 3D models
- Dimensional prints
- 2D outline drawings

### Create quotes with account-specific net pricing

- Download formal quote as PDF file
- Access to unpriced data sheet PDF
- Quote dashboard efficiently supports collaboration within your company and with NORD sales, engineering and customer service staff
- Place orders directly from your quote dashboard - you can even use your own purchase order document

### Track the status of your orders

- Locate current order status through convenient search and filter options
- Download order-specific documentation such as installation guides, user manuals and spare parts schematics
- Order tracking numbers with direct link to carrier's website

### Access to full portfolio of documentation specific to your serial number

- Standard operation and maintenance manuals available in consolidated file or as individual PDF files
- Download and print documentation or forward as a link
