"Xybix assisted during room design, provided a wide range of high quality ergonomic customizable imaging desks to choose from and they delivered on time with a professional installation. The services provided were exceptional and I would recommend Xybix." -Doug Ruble, VP Facilities, Hannibal Regional Hospital

Helping you Achieve Better Health and Performance

Imaging Desks and Healthcare Furniture Solutions

- Innovation - Consistently evolving our desks to keep up with current trends and practical real world scenarios.
- Ergonomics - Giving your people desks they enjoy and better overall health through proper fit and design.
- Durability - Ensuring your furniture will last; tested to BIFMA's toughest industry standards.
- Design - Professional Interior Designers to plan your space and meet current ADA and Fire Code clearances.
- Service & Support - Seasoned Installers who work with care and efficiency. 24/7 Customer Service.

Xybix Systems, Inc.

Experts in:

- Ergonomics
- Room Design/Layout
- Indoor Air Quality
- Acoustics
- Future Expansion/Growth

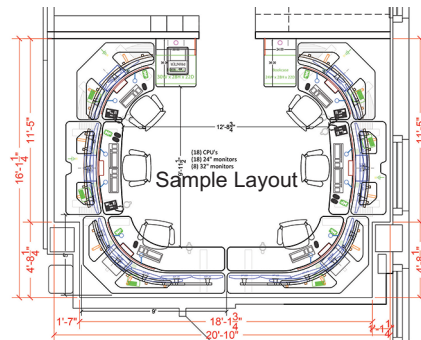

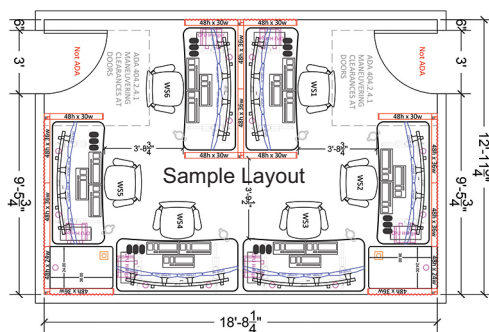

When it comes to your health and productivity, Xybix offers ergonomic desks built for the rigors of Healthcare use. Our experience has proven that we are the leaders in the Healthcare and Medical Health Imaging industries.

Our dedication to the demands of the industry have helped create a durable life-long product. Backed by a 24/7 customer service department, product warranty and a financially stable company, Xybix is pleased to offer our un-matched ergonomic desks to the Healthcare market.

*"Our Imaging physician group enjoy the newly installed ergonomic workstations. They are user friendly and meet the unique needs of our team. I would recommend your product to any program looking to upgrade their imaging workstations; however, your product is versatile and can likely meet the needs of customers within any profession." - Sergio Cacho, MHA
Administrative Officer, Imaging Service*

Features to Keep You Going:

- Pre-Wired Cables
- Clean Look
- Ultra Quiet Lifting Legs
- Easy CPU Access
- Personal Heat/Cooling
- Individually Adjustable Lighting
