Open for Business? We've got you covered.

PlexiGuard™ divider screens by Xybix Systems, Inc. protect your team and your customers from airborne threats of COVID-19, spread via coughing and sneezing. Designed to attach easily to your existing desks, workstations, cubicles, and consoles, these high-quality acrylic shields provide an added layer of physical protection without reducing visibility. Most important, they are easy-to-install, customizable, and made of 1/4" thick plexiglass.

Get your staff back to work and maintain social distancing in the office. PlexiGuard™ makes it easy!

HELPS PROTECT AGAINST GERMS

Follows CDC recommended specifications to help protect/separate employees and customers from potentially harmful airborne droplets that can spread germs.

SERVING MOST INDUSTRIES

Insurance, Banking, Government, Retail, Education, Public Safety, Doctors' Offices, Small Businesses—anywhere people work in close-contact with others.

TOOL-FREE INSTALLATION

No additional tools or buildouts needed. Easy to install in minutes on a variety of consoles, workstations, and office furniture.

EASY TO CLEAN

Standard non-bleach, non-ammonia multi-surface cleaners and a lint-free cloth can be used to clean and disinfect your PlexiGuard™ shields in minutes.

DESIGNED FOR USERS OF ALL HEIGHTS

Unlike other plexiglass barriers, only PlexiGuard™ shields are designed for users of all heights and furniture of all sizes.

AFFORDABLE

Pricing starts at only \$97.00 per panel with discounts available for bulk orders

Frequently Asked Questions:

1. Who is Xybix Systems?

Founded in 1991, Xybix Systems is the innovative leader in ergonomic furniture solutions for mission-critical environments. Our state-of-the-art furniture has been proven to improve health and increase performance.

2. How do PlexiGuard™ barrier shields work?

PlexiGuard™ barriers attach to existing work surfaces to protect workers from harmful airborne germs and diseases.

3. Why are Xybix PlexiGuard™ barrier shields superior to the competition?

PlexiGuard™ shields are available in a variety of sizes and can attach to any work surface while remaining durable and the perfect height for users of all heights.

4. How do I clean PlexiGuard™ barrier shields?

A lint-free cloth and non-ammonia, non-bleach cleaners can be used to clean your PlexiGuard™ shields.

5. How durable are PlexiGuard™ barrier shields?

PlexiGuard™ shields are made of 1/4" plexiglass and are designed for even the most hectic workplaces.

6. How long does it take for delivery?

Most orders ship in 2-3 days with a variety of delivery options available. Ground shipping is included at no cost.

7. Where do you ship to?

We ship PlexiGuard™ barriers throughout North America.
