## CPE Capstone

The Capstone is the final required step in the certification program that will allow you to earn your CPE designation. This part of the program is completed at one of our four live institutes, so travel is required.

This 3½-day program is designed to provide you with additional education based on the CPE competencies. Completing exercises in general sessions allow you to practice and hone your skills in preparation for your CPE Leadership Summary Presentation.

The CPE Leadership Summary Presentation allows you to briefly and succinctly communicate how you have demonstrated your ability as a physician leader. It is completed on the final half-day. Physicians will complete a video-recorded presentation that will cover their leadership philosophies, competencies, accomplishments and ability to meet current and future challenges in health care.

The Capstone tuition is \$3,500 and is due 60-days before the event. Participants will be awarded 32 CME upon successful completion of the Capstone.
