

Lx Solutions: Holzer Health System

Testimonial from Dr. Michael R. Canady, CEO

Michael R. Canady, MD, CPE
Holzer Health System

We needed to invest in **physician leadership**, but the impact on **middle and senior management** was **equally as important**.

"Lx Solutions helped us create a platform that fit our organization while embracing our culture. The process has helped with engagement and alignment of our physician community. One of the reasons that I knew Lx Solutions would really work for us was a result of my exposure to AAPL institutes and online learning. All of those experiences have been outstanding. I thought, if it works for me, maybe it will work for our organization.

Lx Solutions has given us access to information, techniques and skills we wouldn't get otherwise. It's a very organized approach to training physicians and managers.

We get customized access to information, regarding leadership and management, that we don't get in medical school and residency. One year ago, we were about \$2 million in the red. At this point, we are about \$2 million to the positive."
