

Restaurant operators are busy individuals and busy decision makers are not always sitting behind a computer screen. When up and about, operators need their detailed information to make important decisions.

Through their mobile app, Mirus Restaurant Solutions provides decision makers the ability to measure and improve performance.

### Your Info, On-The-Go

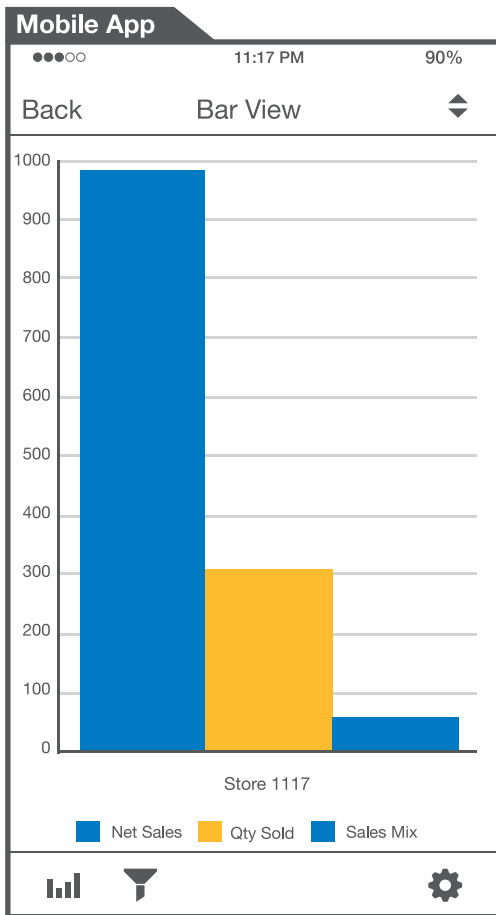

Monitor the status of restaurants on-the-go. Roll up to see summarized reports or filter down to see granular details.

Download the free app today!

### Report Examples

- Current Day
- Labor
- Discounts
- Voids
- PMix
- Top Sellers
- YOY Comparision
- COGs
- Sales Breakout
- Cash Reconciliation
