

**FOR IMMEDIATE RELEASE**

## **Credit Suisse Partners with Viteos to Provide Middle Office Services and Fund Administration to Hedge Funds**

*Leverages Investment  
Clients and Internal Operations to Benefit*

(SOMERSET, NJ: June 14, 2007) – Viteos today announced that a Credit Suisse affiliated investment vehicle has taken an equity position in the company and partnered with them to offer comprehensive fund administration and middle office services. Credit Suisse believes this arrangement will offer clients the opportunity for enhanced revenue generation while simultaneously reducing client operating costs. Viteos provides expertise in both administration and processing and does so through leveraging its 24x7 global delivery model. Terms were not disclosed.

“Our ability to deliver both expertise and advanced technology while simultaneously reducing costs enables our clients to increase alpha,” said Shakar Iyer, Viteos CEO. “The investment by Credit Suisse is a strategic confirmation not only of our model, but establishes a platform for marketplace expansion.”

Viteos has worked with Credit Suisse to develop two programs which will be deployed simultaneously. Viteos and Credit Suisse will co-brand and co-market a comprehensive outsourced solution for hedge fund middle-office operations. Credit Suisse, for the first time, will outsource certain internal prime brokerage operations to Viteos. These operations relate primarily to the sell side back office needs that are internal to the bank, but essential in terms of client service.

### **About Viteos Fund Services**

Viteos Fund Services, a division of Viteos Capital Markets Ltd., is a hedge fund administrator with offices in the U.S., India and the Cayman Islands.
