## Resist The Temptation

Directions: The objective of the game is to resist the temptation just like Jesus did. Place your markers on the "START" square. The players roll the die and move that number on the board. The players follow the directions on the square they landed on. Two or more may share one square at a time. If they land on a "Temptation" space, the player draws a Temptation card and reads it out loud. (If they cannot read, someone else can read it for them). On each card is a temptation situation that the player must answer how they would resist the temptation by telling what they should do. If they answer correctly, they move ahead two. If they are not correct and do not resist temptation, they are "Grounded" and lose a turn next time around. The first player to FINISH wins. Continue playing to find out who comes in second, third, and fourth place.
