

The Fiery Furnace

Directions: Place markers any where on the board. Roll the die and move that many spaces clockwise. Follow the directions on the space you land on. If you land on a "?", the player to your left draws a card and reads it out loud. If you answer the question correctly, you receive a flame token. If you land on a "Take A Flame", you can take a flame token from any player. If you land on "Lose A Flame", you must return a flame token. If you land on "Give A Flame Away", you must give one of your flame tokens to a player. Players work their way around the board and try to collect flame tokens. The first player to collect 7 flame tokens (to represent King Nebuchadnezzar ordered the furnace to be heated seven times more than usual) wins. Continue playing to find out who comes in second, third, fourth, etc.
