DPS WORKSPACE
Your Business in the Cloud

Anytime, anywhere access to your business applications

ENJOY THE FREEDOM OF WORKING WHERE, WHEN, AND HOW YOU WANT

DP Solutions' WorkSpace is an Internet-based service that provides you with dependable 24x7 access to the critical applications you need to do your job. WorkSpace can be bundled with MailSpace, an online email solution.

With WorkSpace, small- and medium size businesses enjoy an enterprise-level infrastructure that scales to meet their volume and budgetary needs.

REAP THE BENEFITS

- Work like you are in the office from anywhere in the world.

- Off-load your infrastructure support and costs.

- Easily collaborate and share files, documents, & calendars with colleagues.

- Eliminate the need to install applications and updates on each user's machine.

- Allocate resources and user access based on individual staff roles and requirements.

- Scalable pricing allows you to pay only for what you use month-to-month.
