

PLETHORA

QUALITY POLICY

Plethora Corporation is committed to providing our customers with superior products of the highest quality and personalized services.

Our goal through continuous improvement is to be a world class leader in the manufacturing and production of precision parts for various industries, including Medical, Aerospace, Semiconductors, Government and Military.

Plethora Corporation prides itself on meeting or exceeding the requirements and expectations of our customers.

We meet these goals by continually improving the effectiveness of our Quality Management System in accordance with industry, statutory and regulatory requirements.
