- **Part Number:** 90MS01B1-M00200
- **UPC Code:** 192876006092
- **Box Dimension:** 15.7" x 7.52" x 3.66"
- **Gross Weight:** 3.09 lbs
- **Quantity per Carton:** 10
- **Warranty:** 1 Year Warranty

## < Product Specification Summary >

- 1. CHROMEBOX 3-N020U** features an 8th Generation Intel® Core™ i7-8550U processor with 8GB DDR4 memory, Gigabit LAN, 802.11ac WiFi and 32GB M.2 SATA SSD
- 2. Full support of Android Apps** from Google Play on Chrome OS
- 3. Integrated Intel® 4K UHD graphics supports 2x Monitors** using HDMI and DisplayPort over Type C for compatibility with legacy display connections like VGA and DVI
- 4. Share files or stream your favorite media** with Intel® 802.11ac Wifi, Bluetooth 4.2, and USB 3.1 Gen 1 Type A & Type C ports
- 5. Power over Type C** minimizes cable clutter and delivers power to monitors, projectors, and mobile devices

## < Highlighted Key Features >

### Powerful Performance

With options like 8th Gen Intel® Core™ i7 processor,  
8GB RAM, and 32GB M.2 SSD

\*Overall performance improvement over Chromebox 2

## Fully Google Play Support

Google Play (the most popular app store in the world) is now brought to ASUS Chromebox 3. This means users will be able to download and use Android apps. The same apps that run on phones and tablets can now run on Chromebox without compromising their speed, simplicity or security.

## Full Google Play Support

Use your favorite Android Apps across your  
Desktop, Laptop, and Mobile devices

## Versatile USB 3.1 Gen1 Type-C

With support for USB-C Power Delivery, Chromebox 3 can charge a connected phone or accessory, and can also receive power from a supported display or other device, eliminating the need for a separate power adapter for a cleaner workspace uncluttered with cables

## Power Over Type-C

Use USB Type-C to receive or send power to monitors, accessories, and other hardware\*

USE CABLES UP TO 45FT, CONNECTING VIA ADAPTERS TO:

DISPLAYPORT

HDMI

VGA

DVI

\*Must be compatible with Power Over USB Type-C to send/receive power

## Dual display productivity - True 4K/UHD visual

ASUS Chromebox 3 supports dual displays via HDMI and USB Type-C without the need for an additional graphics card, making multitasking a whole lot easier. Spread out your documents, mirror content or extend a single browser across multiple displays. ASUS Chromebox 3 lets you browse the web, view photos from your SD card on Google Photos or watch videos in 4K/UHD.

# Dual Displays, More Productivity

Supports up to 2 displays using HDMI and DisplayPort over USB Type-C
