Work Anywhere Solution, Powered by AWS

ONICA a *rackspace* company

TURN-KEY, FLEXIBLE SUPPORT FOR AWS BUSINESS CONTINUITY SOLUTIONS

Maintaining productivity and customer delivery in the ever-changing and unpredictable world is crucial for any organization. In order to be up-and-running quickly, businesses are taking advantage of the efficiency and scalability of AWS business continuity solutions. Leverage Onica's AWS expertise and our flexible **Teams** support model to help keep your business up-and-running under any circumstance.

Support and Enable Your Remote Workforce **with Ours.**

There is a wide spectrum of readiness for organizations to mobilize a complete remote working contingency. Wherever you are on the spectrum, Onica Teams can enable your workforce and help you gain flexibility, predictability, and consistency by leveraging AWS business continuity services such as Amazon WorkSpaces, Amazon AppStream 2.0 and AWS Client VPN.

AWS Offering Amazon WorkSpaces for Free

Starting April 1, 2020

Contact Onica to learn more about this and other funding offers

Limit Workforce Disruption

Replicate your team's daily desktop experience seamlessly.

Access Your Unique Applications

Ideal for access to software that are proprietary or not BYOD-friendly.

Cost-Effective and Flexible

Scale Teams tiers up or down as you go from launch to support.
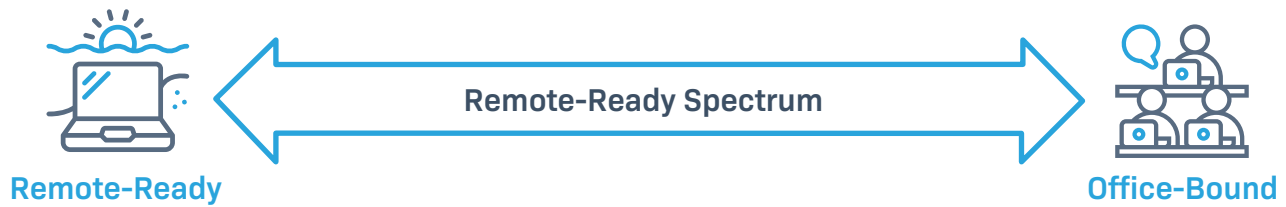

Quick and Easy Management

Launch and sunset solutions easily to meet your needs and control cost.

The Teams 'Pod'

- **Diversified Group of Experts:** Architects, Engineers, and Technical Account Managers working together as a unit.

- **Consistent Team Structure:** Each one of our Pods is a group of cloud experts who have been working together long-term across multiple clients and projects.

- **Shared Knowledge and Resources:** We create and share resources, platform tools, and frameworks across all of our Onica Teams Pods, so every customer benefits from our collective knowledge.
