

## Need Single Vision Lenses?

ID & IQ SINGLE VISION LENSES

**iD SINGLE VISION** integrates your lens design on both the front and back surfaces, so you can see more clearly in all directions.

**iQ SINGLE VISION** - Lenses designed to provide crisper, clearer viewing zones than any other traditionally made single vision lens.

## Protect your Child's Sensitive Eyes

Made for the way we use our eyes today.

## WHAT IS THE LATEST TECHNOLOGY DOING TO OUR VISION?

The average North American spends 37 hours a week staring at electronic devices like smartphones, tablets, computers and digital TVs.\* Sound familiar? Unfortunately, these devices emit blue light waves, which can cause eyestrain, headaches, and fatigue.

\*Source: eMarketer, April 2015

# WHICH HOYA LENSES ARE RIGHT FOR YOU?

**SYNC III**

Lenses designed for a digital lifestyle.

Ideal for individuals:

- Who are young adults or students
