In this training, students will be instructed in recognizing an emergency and how to respond to a victim of Sudden Cardiac Arrest with prompt CPR including the application of an AED. This is the NSC two year certification with video re-enactments and there will be a short quiz after completion. A certificate will be provided upon completion of this training.

Trainer: Victor Austin, IBT Local 455 at United Airlines

❖ **A Look at Vector Borne Diseases**

Vector-borne diseases are human illnesses caused by parasites, viruses and bacteria that are transmitted by mosquitoes, sandflies, triatomine bugs, blackflies, ticks, tsetse flies, mites, snails and lice.

The session will discuss the epidemiology, the scope of the problem, symptoms of infection, personal protection and treatment.

Presenter: Dave Trumble, Power Workers Union Canada/Grey Bruce Labor Council, Ontario, Canada
