

# MOBILITY & MOBILITY PLUS

FOR athenaPractice™

## SAVE VALUABLE TIME WITH MOBILE ACCESS TO SCHEDULES AND PATIENT INFORMATION

As a medical practitioner, you're constantly on the move. Whether you are checking in with patients on the go, or making rounds in the hospital to see a patient, precious minutes are wasted if you do not have the information you need.

MOBILITY and MOBILITY PLUS are the perfect companion and interface with athenaPractice.

## Experience the Power of athenaPractice on Mobile Devices

### MOBILITY FEATURES

Real-time Data Access from any device securely.

- Mobile secure access to live data.
- View schedules and add new appointments.
- Patient look up demographics and clinical view.
- Add new patients with minimal data.
- Add flags and send to appropriate staff.
- View productivity reports on the fly.

### MOBILITY PLUS FEATURES (FOR REMOTE CHARGE CAPTURE AND ROUNDING)

All of the base Mobility features plus:

- Real-time charge entry to athenaPractice.
- Shared rounding list, add or remove from rounds.
- Re-bill (Tx) from previous visit.
- See who has been billed for the day and who has not.

### REMOTE CHARGE CAPTURE

Maintain up-to-date lists of your patients and see your associates' patients when rounding at night or on weekends.
