

Electronic Claims, Eligibility, Remittance, Hosted Claims Manager and Reimbursement Analytics

athenaEDI™

Electronic Claims, Eligibility, Remittance, Hosted Claims Manager and Reimbursement Analytics

A robust portfolio of services that enable practices to focus on the business by streamlining processes and workflow, and optimizing the revenue cycle.

Electronic Claims, Eligibility, Remittance, Hosted Claims Manager and Reimbursement Analytics is our full suite bundled option. Quatris Healthco bundles this portfolio of EDI services and call it our Premium option.

athenaEDI Services is a proven HIPAA compliant all-payer healthcare clearinghouse offering proactive services that help you reduce costs and A/R days while optimizing profitability. Rapid access to the business intelligence and comparative analytics needed to monitor, track, and respond to Electronic Data Interchange (EDI) issues impacting your organization's financial and operational performance.

athenaEDI Premium Services

Electronic Claims - enables an integrated, streamlined, and complete insurance billing workflow coupled with near 100% electronic coverage.

Electronic Eligibility - utilizes an automated exception-based workflow to request individual or batched eligibility requests quickly and stored in Centricity PM.

Electronic Remittance - automatically post payments per line item, applies adjustments with reason codes, and transfers responsibility to the patient if applicable.

Hosted Claims Manager - rules-based, front-end editing tool that allows review claims before submission, reducing the AR cycle and increasing the rate of collections.

Reimbursement Analytics - actionable current and historical information to help you identify and address factors driving claim denials, reimbursement delays and other issues impacting the financial health of your practice.

Bundled Options

ESSENTIAL - Our foundational bundle includes Electronic Claims, Eligibility and Remittance.

ADVANCED - Our mid-tier option includes the services in Essential and Hosted Claims Manager.

PREMIUM - Our full suite option includes all of the services in Essential and Advanced in addition to Reimbursement Analytics.
