Company Name:	People and Processes, Inc.
Tip Provided by: Name and Title	Jeff Shiver, CMRP, CPMM, CRL, RCM2 Practitioner Managing Principal
Title of Maintenance Tip:	Who Owns Equipment Reliability?
Maintenance Tip (30-75 words): A tip should include practical advice that can help solve day to day problems faced by maintenance and reliability professionals!	Often in meetings following the shifts where Production fails to make their numbers, all eyes shift to the Maintenance Manager to explain the equipment failure. Reality is that equipment reliability requires a partnership as other groups own a larger percentage. Do you have a solid partnership at your facility? Want to learn more about Equipment Reliability?
