# EASILY TRANSLATE DATA INTO IRS CODES. WATCH YOUR REPORTS BUILD EACH MONTH. SAVE TIME AND MONEY.

## SIMPLIFIED ACA COMPLIANCE MANAGEMENT.

Keeping up-to-date with Affordable Care Act (ACA) compliance and reporting requirements can drain your time, energy and budget, particularly at the end of the reporting year. Health e(fx) compliance and reporting technology leads the market because it's built to simplify and manage compliance monthly.

Don't let data errors and compliance issues pile up all year. Our Health e(fx) cloud solution actively manages and tracks your data on a monthly basis to help you minimize your risk for penalties. Health e(fx) *Enhanced* is an easy-to-use ACA solution that simplifies healthcare reform compliance, tax form management and IRS submission and removes the heavy burden often placed on internal resources.

### Why Choose *Health e(fx) Enhanced*?

Health e(fx) *Enhanced* is for employers with stable employee schedules that are looking for a simplified data and implementation experience. With *Enhanced*, employers provide offer of coverage and enrollment files to Health e(fx). Using this data, the technology:

- Determines the required code combinations based on your service hour and eligibility calculations.
- Builds your Forms 1095/1094 on a monthly basis for your ongoing review and management.
- Enables management of IRS corrections, revisions and submissions within the system.

**Need a better way to manage the complexities of healthcare reform? We can help.**
