**Current and/or historical post graduate medical training programs accredited by the Accreditation Council for Graduate Medical Education (ACGME)**

*Beginning with the 2010 cycle of the National GME Census, post-graduate training segments will include the name of the program attended in addition to the sponsoring institution. Program-level information prior to 2010 will not be available for reporting. Future training dates, as reported by the program, should be interpreted as "in progress" or "current" with the projected date of completion.*

*Beginning with the 2016/2017 cycle of the National GME Census post-graduate training segments will include a training type of specialty (residency) or subspecialty (fellowship). Training types for programs reported prior to 2016 will not include this designation.*

*Post-graduate training performed at accredited osteopathic institutions or in Canada are updated on the AMA Physician Masterfile only upon verification by the program. US licensing authorities accept graduate medical education from both entities as equivalent to training performed in a US program accredited by ACGME.*

*If a segment below is indicated as "being re-verified", it typically means that the physician is a current resident and the AMA is confirming with the residency program that the physician is still enrolled - this standard process occurs on an annual basis.*
