# Student Group Plans

## Comprehensive Major Medical

Our group plan is a comprehensive major medical plan rather than a limited student insurance plan typically offered by universities. We also include international medical care that extends your coverage worldwide.

### One direct point of contact.

We are your direct contact for all health insurance affairs and take charge of your claims to reduce your administrative burden.

### Internationally recognized ID cards.

Students are provided a globally recognized ID card. When used in-network, it will automatically pay the provider, which eliminates the need for students to pay up front and file for reimbursement.

### The latest technology to guide you.

We have mobile apps that provide instant enrollment for students and their ID information within 24 hours.

### 100% coverage with fixed cost.

We have options for 100% coverage with fixed cost that allow you to budget appropriately because all you have to pay is the premium.

### Fully compliant with U.S. Regulations.

Our plans are accepted by all universities and fully compliant with federal and state regulations. Plus, they meet student visa requirements.

### Prevents benefit discrimination.

A single centralized plan helps prevent benefit discrimination by providing the same benefits to all students regardless of which U.S. school they attend.

### 24/7 service provided on your behalf.

We provide 24/7 customer service by experts in the U.S. that understand the needs of international students.

### Medical Evacuation.

In urgent medical emergencies we will provide air evacuation to the nearest medical facility and transportation home if necessary.

# What our Embassy Fans say.

SAHOURI INSURANCE is a key partner for our Student Health Insurance success. During the years, they have supported the wellbeing of thousands of Bahraini students in the United States. SAHOURI provides great service, value, and always is the most competitive in the market.”

**The Embassy of the Kingdom of Bahrain, Cultural Division**

I would like to thank SAHOURI INSURANCE for their professional support in such a short time, full readiness to intervene, and smooth communication with our staff here in the Egyptian Cultural and Educational Bureau through enabling appropriate health care insurance to our Egyptian Students Group.”

**The Embassy of Egypt - Cultural & Educational Bureau**

SAHOURI INSURANCE representatives are professional, efficient, and friendly. They have helped our students to quickly resolve a variety of health insurance issues and are continuously finding ways to improve student communication, education, and school coverage requirements.”
