We can ease your switch to Altium

In 6 simple steps

1 Live demo

During our live and customized demo, you will see the solutions of the software, which fits your needs the best.

2 Importing

We check how to re-use your existing projects and help to import your PADS, Orcad and Eagle designs.

3 Licensing

We offer you the best suitable licensing option.

4 Libraries

Using our profound experience, we will help you to create the most approprite library structure. Whether you only have one user or a whole international team.

5 Training

With our intensive 3-day Altium Essentials Training, you will gain extensive knowledge about its main moduls.

6 Consultation

With continuous technical support, we guarantee your success from the very first project.
