

## **TRANSIT CREW VAN**

The Transit Crew Van Conversion lets you transport cargo and up to five people. It provides the flexibility to bring along your work force to any job or take your family out on the weekends. The Transit Crew Van is great for construction companies, plumbers, forest service, or anyone moving their crew and equipment.

As a NHTSA certified vehicle alterer, our upfitter will relabel your door tag. Removing seats is not enough to pass code enforcement inspection; the door tag must be relabeled to reflect the revised passenger capacity of the vehicle. Other regulations may apply. Please check with your local Department of Motor Vehicles or California Highway Patrol office.

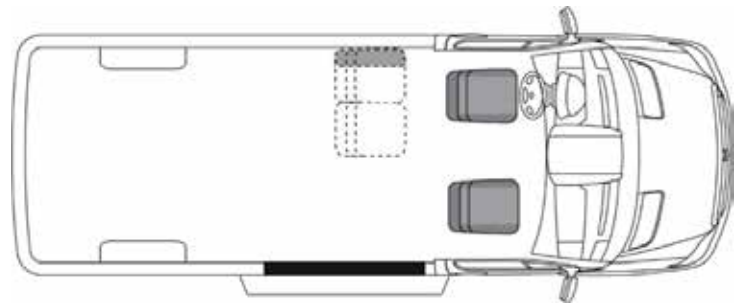

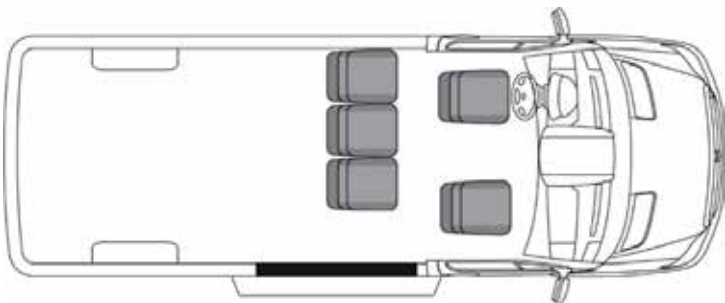

## CONVERSION FEATURES

- Choice of vinyl 3-passenger fixed seat or 2-passenger fold-away seat
- Passenger-area ABS wall and ceiling liner and non-slip commercial transit flooring over subfloor
