

Odyssey XLT

Quality. Safety. Innovation.

The Odyssey XLT shuttle bus and motorcoach series provides up to 51 passengers with an outstanding travel experience. Built on the Freightliner FM2 chassis, Turtle Top gives added focus toward road stability, passenger comfort, vehicle dependability, quality, and safety. Customized travel amenities and increased passenger and storage capacity are available for churches, colleges, city and county transportation authorities, assisted living services, cross-country touring companies, excursion companies and many more transportation opportunities.

New Front Caps

CONSTRUCTION

- Strongest floor in the industry starts with G-channel cross members that stretch from wall to wall
- Full perimeter frame completes floor to stand up to years of performance
- Center aisle stiffeners consisting of reverse cap steel C-channel prevent aisle sagging after years of operation
- Seat tracks mounted on reverse cap steel C-channels have been tested and certified to exceed DOT Standards
- Steel corner window gussets add perimeter sidewall strength
- Fully-primed roll cage is painted before construction begins
- Huber Industrial Panel® floor is secured with adhesive and mechanical fasteners for no squeaks or movement
- Sidewalls and ceiling insulated by closed-cell stiff foam board

FEATURES
