

Are your clients worried about security in their POS systems?

POS attacks lead to data breaches

Help your merchants take steps to secure their point-of-sale (POS) environments... make sure you aren't letting hackers access your clients' payment systems!

The PCI Qualified Integrators & Resellers (QIR)[™] training and qualification program provides training and tools to ensure a secure installation for your merchants' PA-DSS* validated payment systems. By becoming a QIR, merchants will be able to use your services to meet the requirements outlined by payment brands.

* Payment Application Data Security Standard

AS A TRAINED PCI QIR YOU WILL GAIN THESE BENEFITS:

Differentiate yourself by demonstrating your commitment to payment card security and PCI DSS compliance

Be included on merchants' go-to global [list](#) of qualified integrators and resellers

Achieve industry-recognized qualification - good for three years

Receive specialized training from PCI SSC experts on guidelines for implementing and maintaining PA-DSS validated payment applications

Integrators and resellers play a key role in the payment ecosystem. As a QIR, merchants will value your proactive approach to addressing their security concerns and helping them meet payment brand requirements.

Point of sale devices continue to be a reliable source for stolen payment card data.*

What is a Point-of-Sale intrusion?

Remote attacks against the environments where card-present retail transactions are conducted. POS terminals and POS controllers are the targeted assets.

97% of breaches featuring stolen credentials leveraged legitimate partner access.*

*According to 2016 Verizon Data Breach Investigation Report

READY TO GET STARTED?

FOLLOW THESE STEPS TO BECOME A QIR:

Start the application process

Review the [QIR Qualification Requirements](#)

TIPS ON COMPLETING THE COMPANY APPLICATION:

To fill out the company application, the Primary Contact should be prepared to provide:

- List of the **regional markets** the company serves
- List of all **languages** the company supports
- Copy of company **Articles of Incorporation** or [similar formation document](#)

For more information on application requirements, see Appendix B of the QIR Qualification Requirements.

TIPS ON COMPLETING THE PROFESSIONAL APPLICATION:

To fill out a professional application, the Primary Contact should be prepared to provide:

- **Legal Name** and contact information for each individual
- **Resume** or CV for each individual that will pursue certification
 - Work history should reflect relevant experience and responsibilities in payment application installations, system hardening, system integration, network security, as well as work experience related to the payment industry.

STEP 1

Complete the QIR program [Registration Form](#) (and designate a Primary Contact).

STEP 2

Once your registration has been processed, you will receive an email with instructions on how to log into the PCI portal and complete your company application.

STEP 3

Once your company application has been approved, complete a professional application for each of the people you plan to send through training.

STEP 4

Once a professional application has been approved and an invoice has been generated, you'll need to pay the invoice to release credentials to your training candidate(s).

- The trainee(s) will have a total of 90 days to complete the training **and** exam.
- The self-paced training takes approximately six hours to complete.
- 90 minutes is allocated to take the exam at a Pearson VUE Testing Center.
