

\$\$SolvTrue™

S1500 Solvent Recycler

For Recycling Solvents in Painting and Coating, Printing and Composites Applications

fluorinated and brominated solvents.

Recycle and Reuse Industrial Solvents with 99.5% Recovery

Reduce waste generator status and cradle-to-grave hazardous waste liabilities with solvent recycling and reuse.

Features

Automation

- Microprocessor controlled with easy-to-read LCD display
- Easily modified programming for special solvent requirements or additional solvents
- Designed and built for multiple shift operations

Safety

- Multiple safety controls with automatic shutoffs
- Automatic mixture ignition and bag operating limits
- RTD probes monitor thermal oil and condenser temperatures
- Oil is self-contained

Ergonomics

- Quiet operation
- Mounted on wheels for enhanced flexibility or legs for fixed locations
- Waste removal versatility—tank drain for liquids or bag function for solids

Performance

- Simple distillation
- 15 gallons up to 2 runs per day operating volume

S1500 Solvent Recycler

Technical Specifications

Capacity	15 gallon (57 liter)
Dimensions	30" W x 48" L x 50" H (76 cm W x 122 cm H x 127 cm D)
Electrical Configurations	220/240V/3PH/60Hz – Standard
	440/480V/3PH/60Hz – Optional
Fill Device	Manual – Standard
	Automatic – Optional
Cooling	Air cooled
Construction	Stainless steel
Mounting	Legs – Standard
	Wheels – Optional
Other	Batch-style or optional continuous-feed processing

Cost-Saving Benefits and Advantages

Our industrial solvent recycling solutions are designed to help lower your plant's solvent spend, reduce solvent waste and disposal costs, adhere to relevant industry regulations, and maintain certifications while positively impacting the environment.
